## A Message From The President & CEO

CFR has just finished its 49th year of service to children and families across Arizona. As we prepare to celebrate half a century of operations, it is important to reflect on our successes and the challenges we face if we truly want to live our mission of building strong communities where children can reach their full potential. To achieve that, we need to continue to be part of a collective movement to meaningfully change how Arizona prioritizes children. What if we chose to invest the same resources into early childhood education and family support that we do into paying for prisons? Each dollar invested in evidence based programs supporting children birth to five saves up to \$17 in avoidable downstream costs. CFR is one of the largest and most diverse Community Based Organizations focused on prevention and early intervention in Arizona. We have grown to have 12 offices in cities and towns across the state and touch over 10,000 Arizonans each year – infants, preschoolers, parents, guardians, childcare providers, teachers, and middle and high school students. We thank you for your support of this important work.

With gratitude,

Eric Schindler, Ph.D.  
President/CEO
